Dear Hiring Manager,

I am writing to express my interest in the Information Technology internship opportunity within the Energy Delivery division at Tallgrass Energy. With a strong academic foundation in IT and a keen interest in the energy sector, I am excited about the possibility of contributing to your team and gaining hands-on experience in this rapidly evolving field.

Currently, I am pursuing a Bachelors in Computer Science at Arapahoe Community College and Colorado State University Pueblo. Throughout my coursework, I have developed a solid understanding of key IT concepts, including network administration, Cybersecurity, data management, and systems integration. I am particularly drawn to the intersection of technology and energy, where innovative IT solutions can drive efficiency, security, and sustainability in energy delivery systems.

What excites me about this opportunity is the chance to contribute to meaningful projects in a critical industry. The Energy Delivery field plays a crucial role in powering our communities, and I am eager to apply my technical skills to support initiatives that ensure safe, reliable, and efficient energy distribution. I am confident that my problem-solving skills, attention to detail, and ability to work collaboratively would allow me to make a positive impact on your team.

I am enthusiastic about the prospect of contributing to Tallgrass Energy's goals and learning from industry professionals who are leaders in energy delivery. I would welcome the opportunity to discuss how my skills and background align with your needs and how I can contribute to your ongoing projects. Thank you for considering my application. I look forward to the possibility of contributing to your team.

Sincerely,

Anthony Gerdes
